Product Description

The Cascades PRO Tandem™ Multifold Hand Towel Countertop Dispenser meets all the challenges of the modern facility and is designed to improve hygiene, while lowering operational costs. The design textured finish of this dispenser reduces cross contamination and leaves user with a feel good experience. All of these features make the Cascades PRO Tandem Multifold Hand Towel Countertop Dispenser an ideal solution for breakrooms, kitchens, cafeterias, and restrooms across the education, retail, industrial, foodservice, and office building markets. Featuring a quick check design, the Cascades PRO Tandem Multifold Hand Towel Countertop Dispenser allows customers and custodial staff to quickly recognize when it's time to refill, without having to open the unit. The color coded refill system provides custodial staff with the ability to quickly reload and alleviates customer frustration with a 99.9% jam-free promise. The sleek and modern Cascades PRO Tandem Multifold Hand Towel Countertop Dispenser can be used vertically or horizontally when space is limited and conforms to ADA guidelines when properly installed. It is also the only countertop dispenser that can accommodate two paper formats with a retrofit kit (available on request).
