Fabric Softener DE LUXE

Concentrated Fabric Softener for Laundry • Biodegradable

Description: This product is a liquid softener formulated for all washable fabrics. It contains an antistatic agent and natural agents giving softness and freshness to clothes. It impregnates clothes with soft freshness fragrance.

Environment : Surfactants used in the composition of this product are readily biodegradable and / or biodegradable as per method 301 D of OECD. Without enzymes, product not tested on animals, recyclable container and label.

Use Directions: Precautions: Always add to last clear rinse. Do not mix with any other laundry products (detergents, bleach or other). Do not pour directly on fabrics.
DIRECTIONS FOR ALL FABRICS:
Add SOFTENER in the appropriate compartment or to final complete rinse:
• Normal load: 60 ml per load (1/4 cup)
• Large load: 120 ml per load (1/2 cup)
• Frontal load washer: 60 ml per load (1/4 cup)
• Conventional Washer: 120 ml per load (1/2 cup)
Hand Washing: Rinse garments thoroughly and soak in basin of cool water 3 to 5 minutes with 1 ounce (28 ml) of Fabric Softener.

Précautions : Test inside seam for colourfastness. Check garment care label for special instructions. Avoid freezing.
For external use only. • Keep away from children.

Physical Analysis :

PH (conc.).....3.0-3.5
Color.....Light Blue
Odour.....Soft Freshness Fragrance
Solubility.....100%

Surfactants used in the composition of this product are readily biodegradable and / or biodegradable as per method 301 D of OECD.

Note: The information included in this technical sheet comes from reliable sources, however, no warranty expressed or implied is given.
