

INDUSTRIAL VACUUMS

NVR 170H

The NVR 170H certified HEPA standards typically demanded in healthcare environments with filtration down to 0.3 microns at 99.97% efficiency. It is equipped with a certified HEPA filter cartridge, TriTex filtration system and high-efficiency HepaFlo filter bags.

The NVR 170H is engineered to clean, trap, and retain fine dust and pathogens during both vacuuming and emptying eliminating the risk of re-circulation and exposure to fine particles. Our HEPA filters are also designed for hazardous use – even asbestos.

Motor	680 W
Water Lift	100"
Airflow	120 cfm
Capacity	2.5 gal.
Filtration	0.3 micron @ 99.97% efficiency (Certified HEPA on H model)
Soil Recovery	84%
Weight	15 lbs
Working Capacity	6000 sq.ft./hr.
Noise Level	49 dB(A)
Power Cord	33'
Tank Construction	Polypropylene
