

### Ceramic cleaner

Reaction\* is a ceramic cleaner ideal for ceramic tiles, acrylic and mortar joints cleaning with the help of a sponge or brush. Safe for metallic and glazed surfaces, Reaction\* restores finishes which have suffered damage due to water residue such as drinking fountains. Reaction\* is versatile; it cleans lime and soap deposits as well as being an excellent rust remover. This product can be used in food facilities.

### Advantages

- Excellent rust remover
- Non abrasive on metallic and glazed surfaces
- Effective against soap deposits and lime
