

Calcium remover and cleaner

Selcium* is a concentrated calcium remover and cleaner designed to remove residues of salt and calcium on carpets, tiles, polished floors, terrazzo and cement without damaging these surfaces. Selcium* can be used in an auto-scrubber or with a mopping kit or a wet mop and will not leave a white powdery film on floors. Selcium* can also be used with a carpet extractor when your carpets have suffered repeated attacks from salt, ice melter and calcium during winter.

Advantages

- Pleasant mango fragrance
- Designed to remove residues of salt and calcium
- Does not damage surfaces and leaves no film

Physical and chemical properties

Appearance	Fluorescent green liquid
Odor	Mango
Viscosity (25 °C)	< 10 cPs
pH (25 °C)	1.5 - 3.0
Solubility	Water soluble
Specific gravity (25 °C)	0.990 - 1.010
Flammability	Nonflammable
Stability	Stable between 10 °C and 40 °C
Storage	Avoid frost and excessive heat
