

STOKO SPRAY®

Cost effective cleansing and sanitizing products dispensed in mist or spray form. Available in Anti-bacterial, Moisturizing and Instant Hand Sanitizer.

Description

The STOKO SPRAY® system incorporates no-drip dispensing with cost-effective products that are gentle to the skin, even with everyday use. Concentrated formulations sprays on hands in mist form for light-duty cleaning and sanitizing. .2ml of product is sprayed per pump, ensuring significant cost savings over traditional liquid systems. In addition, a brand new pouch is inserted at time of refill, offering a much more hygienic solution than bulk-fill systems that often harbor bacteria.

Anti-bacterial formula with 0.5% Triclosan removes and kills common germs and bacteria. Instant Hand Sanitizer formula kills common germs and bacteria without rinsing.

Use of Cleansers

- Spray product in palm of hand, add a little water and wash thoroughly.
- Rinse thoroughly with potable water after washing.

Use of Instant Hand Sanitizer

- Spray sanitizer in palm of hand.
- Rub hands together, spreading sanitizer over all hand surfaces until dry.

Size

400ml cartridge (to be used with STOKO SPRAY Dispenser)

- Moisturizing Cleanser - #5 50100 12
- Anti-bacterial Cleanser -# 5 50098 12
- Instant Hand Sanitizer - #5 50102 12

Time Kill Results

PRODUCT-INFO

Ingredients

STOKO SPRAY® ANTI-BACTERIAL CLEANSER

(contains no dye or fragrance)

Active Ingredient: Triclosan

Inactive Ingredients:

Water

Sodium Laureth Sulfate

Propylene Glycol

PEG-6 Caprylic/Capric Glycerides

Sodium Chloride

Citric Acid

Benzyl Alcohol

Methylchloroisothiazolinone

Methylisothiazolinone

STOKO SPRAY® MOISTURIZING CLEANSER

Water

Sodium Laureth Sulfate

Sodium Cocoamphoacetate

Glycerin

Sodium Chloride

Citric Acid

PEG-6 Caprylic/Capric Glycerides

Sodium Benzoate

Glycol Distearate

Fragrance

Steareth-4

Dye

STOKO SPRAY® INSTANT HAND SANITIZER

Active Ingredient: Denatured Alcohol (62%)

Inactive Ingredients:

Water

Sodium Lactate

Lactic Acid

Hydroxypropylcellulose

Skin Compatibility

Under conditions of a Human Patch Test, no evidence of primary irritation or allergic hypersensitivity was found. No negative reactions occurred after 24, 48 and 72 hours.

First Aid

For external use only. If STOKO SPRAY® accidentally enters the eyes, flush immediately with lukewarm water and contact a physician. Discontinue use if irritation or redness develops. If condition persists for more than 72 hours, consult a physician. Store out of reach of children. If swallowed, call your physician.

Storage Information

STOKO SPRAY® cleansers can be stored in a closed container for at least 30 months at room temperature. Instant Hand Sanitizer has a shelf life of 24 months.

Additional Information

Occupational skin irritation, frequent washing or harsh climates can lead to dry, rough and chapped skin. This condition can result in irritation/rupture of the outer layer of the skin which impairs its natural protective function. To regenerate damaged tissue after work, the skin should be regularly treated with Stoko Lotion or Stokolan. In doing so, the skin is replenished with moisture, lipids and hydrophilic nutrients. People who already have extremely rough or very dry skin are advised to use a before-work cream with a high oil content. Contact STOKO Skin Care or its appointed distributors for advice on selecting the appropriate products.
