

# TT516

The TT 516 is the professional choice in compact auto-scrubbers. It gets into all those tight areas that other auto-scrubbers cannot. Essentially, it is a complete replacement for a mop and bucket system for so many reasons.

## Key Features

- Pivoting squeegee coupled with a 300 watt/0.4 hp vacuum motor provides excellent water recovery
- 0.5 hp / 400 watt brush motor
- Recovery tank has a drain allowing for easy draining without the need for lifting
- Simple control panel for easier operation
- Fits into the trunk of a car
- 65' power cord for increased productivity

Solution Capacity	5 Gallon
Recovery Capacity	5 Gallon
Cleaning Width	16"
Brush Motor	400 W
Brush Pressure	55 LBS
Brush Size	16"
Brush Speed	150 RPM
Vacuum Motor	400W,0.5 HP,
Noise Level dB(A)	67
Battery AH	
Battery Type	
Charger	

Chemical Capacity	
Dilution Rate	
Pad Size	14"
Pump Type	
Run Time (max)	
Traction Motor	
Traction Speed	
Turning Radius	
Weight	85 LBS
Dimensions (LxWxH)	33"x18"x44"
Working capacity	16,600
Maximum Gradient
