LONG LASTING FLOOR FINISH

IDENTIFICATION : 1500 by Lalema® combines high lay-down gloss with excellent durability to give a long lasting floor polish. OPTIMUM's exclusive formulation provides outstanding resistance to dirt pick-up, scuffing, black heel marking and detergent scrubbing. Furthermore, 1500® responds well to spray buffing as a means of retaining the floor's freshly polished appearance.

CONTAINS : Acrylic polymer emulsion, dipropylene glycol monomethyl ether, diethylene glycol methyl ether and dibutyl phthalate

AVAILABLE SIZES

4 L

20 L

CHEMICAL AND PHYSICAL PROPERTIES

Appearance	milky white liquid
Odor	slight ammonia
Viscosity (At 25°C)	< 10 cps
Solubility	Soluble in water
pH (At 25°C)	8 - 9
Specific gravity (water = 1 at 25°C)	1.03 - 1.04
Inflammability	Non-flammable
Stability	Stable between 10°C and 40°C
Storage	Avoid frost and excessive heat
Non-volatile solids content	23.5 - 24.5
