

CHEMSPEC

StainShield™ Professional

Superior water-based protectant that can be applied to virtually any type of water-cleanable carpet, rug or upholstery. Areas treated will stay looking newer, remain cleaner longer and resist stains. Repels oil- and water-based soils such as red-colored beverages, cooking oil and motor oil. Protects carpet fibers from dry particulate damage. Featuring a low dilution ratio compared to other protectors, StainShield is the economical way to help protect carpet, rugs and upholstery.
