

Neutralizer

Safeblend Neutralizer is specially formulated to eliminate salt and calcium stains on floors and carpets. This product is excellent for neutralizing cleaners and strippers before applying floor finish.

DIRECTIONS FOR USE: For best results, dilute with water using the recommended concentrations. Stripper or Carpet Neutralizer: 1:40 or 25 mL per litre. Calcium and salt remover: 1:10 or 100 mL per litre. Stripper Neutralizer: Apply with auto-scrubber, mop or sprayer and let stand for five minutes. Use auto-scrubber, mop or a wet vacuum to pick-up residue. Rinse thoroughly with clean water. Let dry thoroughly before applying sealer or finish to floors. Salt or calcium stains on carpet: Vacuum. Remove excess deposits with carpet tool or bone scraper. Apply with sprayer at recommended dilution. Saturate carpet with sprayer and let stand for 10 minutes. Absorb with a clean cloth or extractor. Rinse with clean water and extractor. Repeat as needed.

NOTE: In order to conserve energy, please use unheated tap water for all dilutions. The amount of product used should not be in excess of that required to achieve its intended technical effect. For carpets, always check on inconspicuous area for colourfastness. Do not let product spoil food, feed or potable water during use.

Do not use on food contact surfaces.

STORAGE: Keep in a tightly sealed container in a well-ventilated room. Do not store on surfaces that may come into contact with food products. Keep from freezing.
