

## Finish sealer and filler

Agile\* delivers a film that fills up the pores and seals evenly. Agile\* works on any vinyl, vinyl-asbestos and terrazzo tiles. Agile\* forms a transparent, hard and glossy coating which protects while acting as a primer for floor finish where it reduces the amount needed to get the desired brightness. Agile\* can be applied with the help of a floor finish applicator system or a floor machine and floor pads. Agile\* can also serve as a matte floor finish for areas where a low gloss is desired.

### Advantages

- Fills up effectively the pores and seals evenly
- Works on any vinyl, vinyl-asbestos and terrazzo tiles
- Acts as a primer for floor finishes

### Physical and chemical properties

Appearance .....	White liquid
Odor .....	Unscented
Viscosity (25 °C) .....	< 10 cPs
pH (25 °C) .....	7.7 - 9.3
Specific gravity (25 °C) .....	1.015 - 1.035
Flammability .....	Nonflammable
Stability .....	Stable between 10 °C to 40 °C
Storage .....	Avoid frost and excessive heat
Percent non-volatile solids .....	15%
