

DÉCAPLUS

Ultra Concentrated Floor Stripper

DESCRIPTION

DECAPLUS is a super powerful stripper specially conceived to strip metallic or urethane floor finish. DECAPLUS quickly penetrates to emulsify floor finish. It is a biodegradable ultra concentrated floor remover with little foaming and doesn't contain ammonia. Otherwise, it can be use as a very powerful degreaser.

ADVANTAGES

1. It is biodegradable, phosphate and ammonia free and doesn't contain dangerous caustic agents.
2. Dissolves easily floor finish, grease and filth of all kind.
3. Penetrates very quickly in order to save time.
4. Ultra concentrated floor remover with little foaming.

TECHNICAL DATA

pH (as is).....	12.5 - 13.5
Density (20°C).....	1.00 g/cc
Colour.....	Green
Fragrance	None
Characteristic	Ultra powerful
Biodegradability	Complete
Flash Point.....	More than 95°C
Freezing Stability.....	Keep out from freezing

Degradability determined in accordance with OECD no. 301D.

DIRECTIONS

1. Dilute DECAPLUS in warm water along with recommended dilutions.
2. Allow to penetrate 3 to 5 minutes.
3. The use of an automatic stripper or a scraper may be necessary.
4. Suck up the emulsion with a mop or a water vacuum.
5. Neutralize, rinse with cold water and dry well the floor.

Dilutions rates recommended

Large Build-up:	1 : 4 water parts
Medium Build-up:	1 : 6 water parts
Light Build-up:	1 : 8 water parts
Automatic machine:	1 : 8 water parts
