3M™ Easy Clean System

**A more efficient way to clean,  
maintain and finish floors.**

# The 3M™ Easy Clean System

The 3M™ Easy Clean System combines three hard-floor care systems that function together to effectively and efficiently remove dry soils, damp mop and apply floor finish.

- Reduce labour costs up to 70% versus using a mop and bucket\*
- Help cut chemical waste by 80% versus mop and bucket, with the operator-controlled dispensing mechanism<sup>†</sup>
- Reduce mop drag versus string mop and bucket method<sup>†</sup>

## 3M™ Easy Trap Duster — sweep & dust sheets.....page 2

Traps up to 8X more dust, dirt and sand than conventional flat-fringed cotton dust mops or a competitive sweeping dust cloth brand.

## 3M™ Easy Scrub and 3M™ Easy Scrub Express Mopping Systems .....pages 3 & 4

Operator-controlled dispensing mechanism helps get the right amount of cleaning solution delivered where needed, helping reduce chemical waste.

## 3M™ Easy Shine Floor Finish Applicator System .....page 5

Helps reduce time and chemical requirements as compared to a traditional mop and bucket method. Helps reduce employee and patient exposure to odours and floor finish disposed into waste systems.

\*Calculation based on ISSA data.  
†Based on a Study conducted by 3M.

# Increase productivity. Save money.\*

- **Effective**  
The sheets trap and hold dust and particulate to help floors last longer.
- **Versatile**  
Works on nearly every surface – perfect for retail, healthcare, schools, hotels, gyms, banks and more.
- **Adaptable**  
Glides through and traps debris, including hair – even on wet floors.
- **Practical**  
The sheets are perforated every 15 cm (6") so you can tear at your desired length.
- **Convenient**  
Disposable sheets (no laundering required); ideal for clinics and hospitals.
- **Efficient**  
Traps up to 8X more dust, dirt and sand than conventional flat-fringed cotton dust mops or a competitive sweeping dust cloth brand.
- **Long-lasting**  
Once one side is dirty, flip it over and use the other side.
- **Sensible**  
Use with the cleaning tools you already have. Place under your flat mop or wrap around your high duster.
- **Safe**  
Lower drag reduces worker fatigue.
- **Environmentally conscious**  
The sheets are made with a minimum of 60% recycled content. The product packaging is made from a minimum of 65% total recycled content, where a minimum of 35% of the total recycled content comes from post-consumer waste.

## 3M™ Easy Trap Duster — holders

3M™ Easy Trap Duster — holders are available to ensure that both sides of the sheets are used, thereby reducing waste and eliminating the need to manually turn over sheets.

- Available in a variety of widths: 43 cm (17"), 58 cm (23"), 119 cm (47"), 150 cm (59")
- Attaches to any standard threaded mop/broom handle. Handle/pole not included.
- Use with 12.7 cm (5") width sheets of 3M™ Easy Trap Duster – sweep & dust sheets

\*3M™ Easy Trap Duster – sweep & dust sheets trap up to 8X more dirt, dust and sand than conventional flat-fringed cotton dust mops or a competitive sweeping dust cloth brand, helping to save on cleaning time. You can also use the product with your existing tools.

# Use only what you need. When you need it. How you need it.

## 3M™ Easy Scrub Express Flat Mop

Using interchangeable bottles, the 3M™ Easy Scrub Express Flat Mop dispenses just the right amount of cleaning solution needed for the job. Need to use a different solution, perhaps a disinfectant? Simply remove the partly used 340 mL (11.5 oz.) bottle of cleaning solution and replace with a bottle containing disinfectant.

- **Varying dispensing options:** Activate the specially designed valve by squeezing the bottle to dispense solution or remove the bottle and squirt in hard-to-reach places
- **Lightweight:** Aluminum handle with 41 cm (16") mop pad holder weighs only 590 g (1.3 lbs) without solution
- Adjustable handle from 99 cm (39") – 152 cm (60")
- Nearly any brand of cleaning solution can be used with this system
- Available caddy holds 12 bottles, reducing trips to the janitor's closet to refill solution container

Squeeze bottle  
to dispense

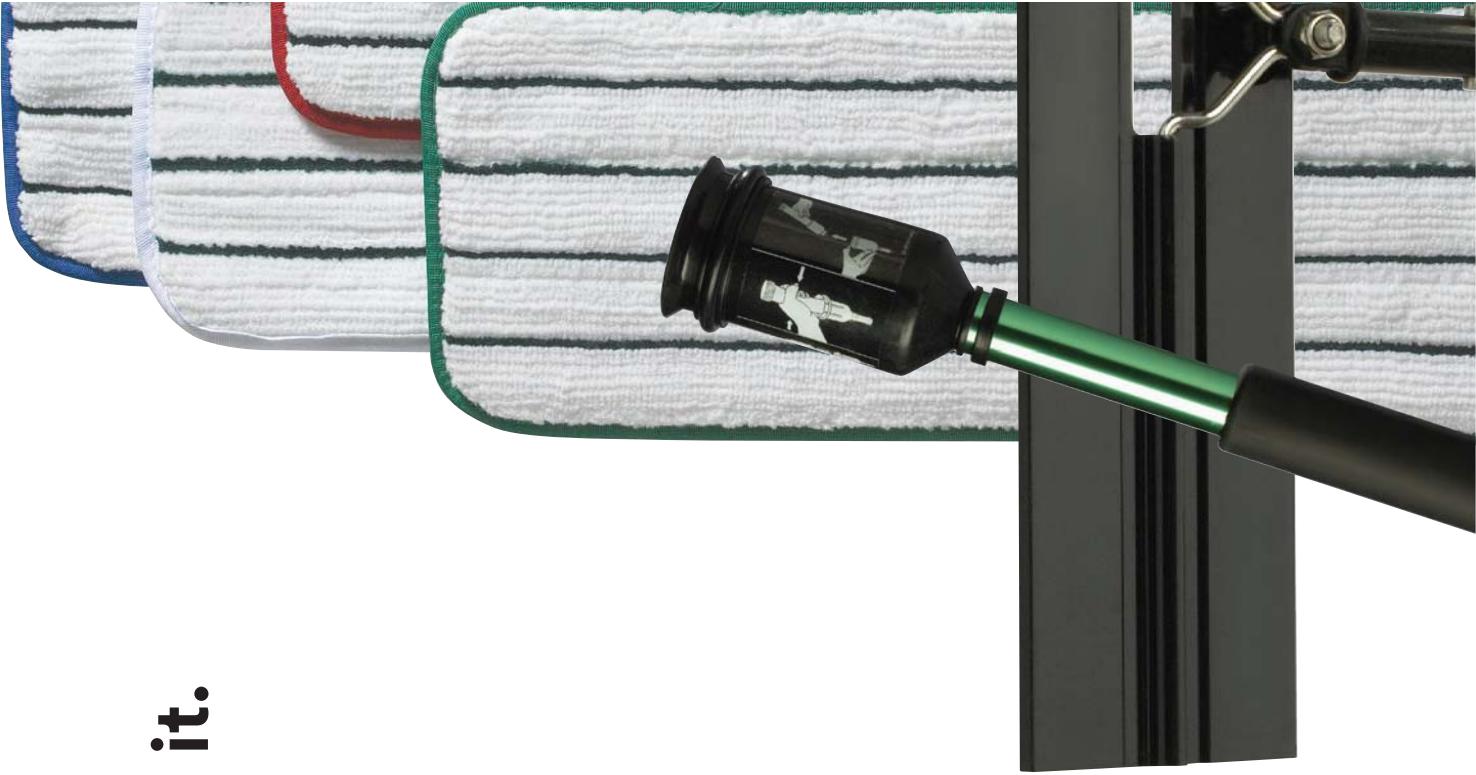

## Button click. Clean quick.

## 3M™ Easy Scrub Flat Mop

- Aluminum mop pole holds 444 mL (15 oz) of cleaning solution
- Dispense cleaning solution using a simple press of the button located at the top of the mop
- Streamlined design for easy maneuverability

Push button  
to dispense

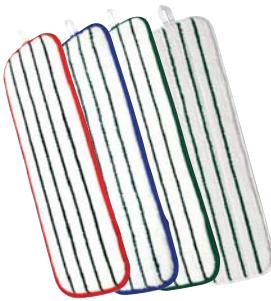

# Premium quality and Longevity.

## 3M™ Easy Scrub Microfibre Flat Mop Pads

Cleans and removes stuck-on dirt and debris with ease, using soft, firm polypropylene scrub stripes intertwined with highly absorbent microfibres.

- Designed to retain 96% of its shape over their useful life
- Connects securely to nearly any hook and loop mop frame
- Sizes: 31 cm (12"), 46 cm (18"), 61 cm (24")
- Chlorine bleach safe

### Recommended 3M™ Easy Scrub Microfibre Flat Mop Pad usage

Pad Colour	Facility Area	Healthcare Area
Red	Restroom floors	Restroom floors
Blue	—	Operating/emergency rooms
Green	Kitchen floors	Kitchen floors
White	General floors, dining floors	Patient rooms, general public areas

## 3M™ Easy Scrub Flat Mop Plus Pads

Premium quality, short cotton strings clean the toughest messes in crevices with the ease of a flat mop system. Ideal for textured surfaces such as ceramic tile, quarry tile, natural stone and terrazzo or raised rubber flooring.

- Retains its size and shape over time
- Connects to nearly any hook and loop frame
- Shaggy texture improves cleaning on uneven surfaces
- Size: 46 cm (18")
- Not compatible with bleach

# More consistent shine in half the time.

## 3M™ Easy Shine Floor Finish Applicator System

The 3M™ Easy Shine Floor Finish Applicator System leverages a lightweight backpack that holds up to 5.7 L (1.5 gal) of floor finish in reusable plastic bags. Dispense floor finish with a quick squeeze of the trigger. Floor finish is applied smoothly and consistently.

- Reduce labour costs up to 70% versus using a mop and bucket\*
- Helps reduce finish usage compared to traditional mop and bucket method
- Patented lightweight, aluminum handle
- Fill station makes refilling plastic pouches at the work site simple
- Although 3M™ and Scotchgard™ Branded Floor Protectors and Finishes are recommended, nearly any brand of floor finish can be used with this system

## 3M™ Easy Shine Floor Finish Applicator Pads

3M™ Easy Shine Floor Finish Applicator Pads are designed with resilient floors in mind, such as VCT, linoleum, rubber and vinyls. The 46 cm (18") reusable yellow-striped white pad holds enough finish to easily and swiftly coat the floor. Simply rinse until water runs clear, then dry.

## Scotchgard™ Floor Finish Applicator Pads

Scotchgard™ Floor Finish Applicator Pads are designed to apply a very thin layer of floor finish to hard floors such as stone, concrete and terrazzo. The 46 cm (18") blue pads hold and release just the right amount of protector or floor finish for the hard surface.
