

The Old Way of Cleaning Floors is Costing You

UNGER

Quality Tools for Smart Cleaning™

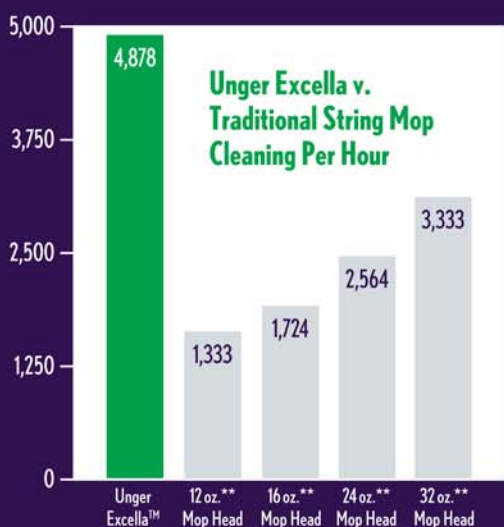

There's a Better Way

Unger Excella™ Floor Cleaning System independently verified as the fastest floor cleaning method

Unger Excella™ Clean Floors Twice as Fast!*

Unger Excella's patent pending design improves cleaning and worker safety while cutting labor time in half!

Square Feet per Hour

**Unger Excella™ v. traditional string mop sizes

Dual swivel handles and S-curve pole self-guide, allowing you to clean faster with less effort.

The only adjustable height pole with liquid dispensing increases speed and comfort.

Quick-Change bottles maximize efficiency and eliminate buckets.

Deep cleaning microfiber pads are 80% lighter than string mops.

*January 2018 Cleaning Time/Motions Findings Study:
Unger Excella™ System conducted by ManageMen, Inc.
