Floor Science®

Easy Apply High Gloss Floor Finish

Floor Science® Easy Apply High Gloss Floor Finish is an easy-to-apply floor finish/sealer that is formulated to work with any maintenance method and equipment. Use the complete Floor Science system to create and maintain a consistently brilliant shine on floors with minimal time and effort.

Features & Benefits

- Works with non-buff, dry buff and spray buff programs. Responds to 175 through 2000+RPM equipment
- Meets ASTM D-2047 slip resistance requirements
- Synthetic polymeric floor finish creates initial high-gloss without buffing or burnishing
- The “built-in” sealer means the finish acts as its own sealer—no separate product required
- Solids Content 20%
- Simplifies floor care program
- Minimizes the tendency to show scuffs and black heel marks
- Features outstanding leveling and adhesion properties
- Works on nearly all types of floors and responds beautifully to conventional, high-speed or UHS equipment and maintenance procedures
- One gallon covers up to 2,500 sq. ft. (232 sq. m)

Use instructions

1. Blockade areas to be finished. Floors will be very slippery until dry.
2. Strip floor using recommended Floor Science® stripper according to label directions.
3. Apply 2-3 uniform coats using a clean mop. Do not apply more than 4 coats in a 24 hour period.
4. Allow 40 minutes drying time between coats.

MAINTENANCE

1. Dust mop or sweep.
2. Clean the floor using recommended Floor Science® cleaner according to label directions.
3. To enhance appearance, use any of the following methods:
Spray buff with Floor Science® Cleaner & Restorer Spray Buff, a red pad and 175-1500 rpm equipment.

BEFORE RECOATING

1. Dust mop or sweep.
2. Clean floor with a mop or an automatic scrubber using the recommended Floor Science® Neutral Floor Cleaner according to label directions.
3. Blockade area and apply 1-2 uniform coats of finish using a clean mop.

REMOVING

1. Remove using recommended Floor Science® brand stripper according to label directions.
