

HX14

Protecting your carpet investment requires a powerful and dependable vacuum. The HX14 upright vacuum was designed from the ground up to be reliable, versatile and yet cost effective.

This dual motor unit boasts a 1000 watt vacuum motor providing 118" of water lift and 63 cfm of air flow. The brush roll turns at 4500 rpm and the flat belt is designed to exceed 500 hours of use.

The HX 14 is extremely light and easy to maneuver and lays flat on the floor to get underneath beds and furniture.

The 4 stage standard filtration helps improve indoor air quality and the bag full indicator informs the operator when to change the bag. To protect the motor it will not run without a bag.
