# Use Overview

**Complete® Floor Finish** is a durable finish that reduces the need to strip and refinish. Use on all resilient floors including vinyl, vinyl composition, vinyl asbestos, asphalt tile, rubber and linoleum. Non-resilient floors such as concrete and terrazzo should be sealed with a recommended Diversey sealer before applying.

- ▶ Strip floor using recommended Diversey brand stripper according to label directions.
- ▶ Apply 2–3 uniform coats using a clean mop. If higher gloss is desired, apply additional coats.
- ▶ Allow 40–50 minutes drying time between coats.
- ▶ Contaminants on floors can cause floors to become slippery.
- ▶ Avoid contact with eyes and skin.
- ▶ If contact occurs, flush immediately with water.
- ▶ If irritation develops, seek medical attention.
