Air Freshening Just Got Personal

Delivers targeted, clean and efficient air freshening for small, personal spaces

myFresh offers more discreet targeting, providing superior efficiency and cleanliness. It freshens air in small spaces exactly when and where it's needed, reducing fragrance overload, nasal fatigue, and aerosol residue. Clean floors and eliminating the need to handle dirty cans creates a better user experience.

Small, Powerful & Efficient

myFresh's motion sensor detects movement and triggers the small, high speed fan, which moves 5-10 times more air than typical dispensers, turning periodically for as long as the space is occupied. It's unique design creates better experiences through superior efficiency & cleanliness.
