

# SAFETY PORTIONING SCOOP

## COMBINING SAFER FOOD HANDLING AND ACCURATE PORTIONING

### Safety

- Anti-roll design (patent pending) prevents handle from coming in contact with food reducing cross contamination
- Clear polycarbonate allows for use in cold or hot environments (-40°F/-40°C – 212°F/100°C)
- NSF certified
- Commercial dishwasher safe

### Control Food Cost

- Take the guess work out of portion control with measurement markings in cups, ounces, and milliliters
- Unique flat front provides access to corners and bottom of the pan
- Portion food quickly and accurately with visible markings molded into the scoop
- Functions as both a scoop and a measuring cup

**Work Smarter.**

**ASSISTS IN COMPLYING WITH FDA FOOD CODE 3-304.12 FOR IN-USE UTENSILS**

# SPECIFICATIONS

## SAFETY PORTIONING SCOOP

Safety Portioning Scoop makes safety and reducing food costs a priority. Hybrid scoop and measuring cup with unique flat front provides an anti-roll design to minimize food and hand contact. Accurately portion liquid or dry measure to manage food costs within the kitchen.

- Polycarbonate is durable for preparation or hot food serving lines
- Visible cups, ounces and milliliter markings for quick portioning or precise measuring
- NSF certified and commercial dishwasher safe
