

Polyklör*

Food service cleaner degreaser

Polyklör* is a low foam cleaner degreaser formulated with stabilized sodium hypochlorite (bleach, 2.4 % / 24,000 ppm when packed), cleaning agents and corrosion inhibitor. The surfactants contained in ALI-FLEX LF increase the wetting power of this chlorinated degreaser and contribute to degrease and remove dirt from hard non porous surfaces such as countertops, walls, floors, toilets, commode chairs, etc. This bleach-based cleaner degreaser that must be diluted before use is ideal for health care facilities with a microfiber cleaning cloth.

Advantages

- No dilution required
- Unscented

Propriétés physiques et chimiques

Appearance	Light yellow liquid
Odor	Unscented
Viscosity (25 °C)	< 10 cPs
pH (25 °C)	11.7 - 14.0
Solubility	Water soluble
Specific gravity (25 °C)	1.055 - 1.075
Flammability	Nonflammable
Stability	Stable 1 year between 10 °C and 40 °C
Storage	Avoid frost and excessive heat
Active ingredient	Sodium hypochlorite
Percentage of active ingredient (concentrated)	2.4 %

Liters of diluted product

H = 150 L

Available format

2 L
