## EFFICACY TESTS

Water Saving: Independent tests show that washing hands with foam soap rather than lotion soap can reduce the average water consumption by as much as 45% (Conclusion of report: "How a simple change in the washroom can significantly reduce water consumption and associated costs", Durrant and McKay, 2011).

## CERTIFICATIONS

Refresh™ Clear FOAM is certified according to the UL Ecologo Standard UL 2784. Ecologo™ Certified products, services and packaging are certified for reduced environmental impact. Ecologo™ Certifications are voluntary, multi-attribute, lifecycle based environmental certifications that indicate a product has undergone rigorous scientific testing, exhaustive auditing, or both, to prove its compliance with stringent, third-party, environmental performance standards.

Green Seal Certification (Stock # CLR16LC) :

This product meets Green Seal Standard GS-41A based on effective performance and protective limits on VOCs and human & environmental toxicity. Green Seal offers certification for the products, services and companies that meet Green Seal standards. The Green Seal mark represents compliance with a rigorous set of criteria designed to achieve leadership levels in sustainability. Companies establish an ongoing commitment to health and the environment through annual compliance monitoring and work toward continuous improvement.

## SUITABLE FOR FOOD HANDLING

Non-Food Tainting: Refresh™ Clear FOAM has been independently tested according to 'Sensory Analysis-Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
