

Built-in connectors

Optional bevelled
male/female ramps

- For industrial applications in wet areas e.g.: irregular and large work cells...
- Provides good support against muscular fatigue and better slip resistance and insulation than that of a cement floor
- Built-in connectors along two sides allow tiles to lock together for custom installations
- Heavy-duty rubber allows easy drainage of liquids and debris
- Multi-nibbed backing provides aeration so floors can dry quickly
- Ramps available for increased safety
