TRANSPORT CLEANING TO THE NEXT LEVEL.

INTRODUCING THE SANITAIRE® TRANSPORT® CORDLESS BACKPACK VACUUM

Ultra portable and easy to use with the cordless freedom and flexibility to gain an additional boost to your productivity. Clean faster with cordless efficiency increasing productivity by 89% versus a corded upright vacuum.* Designed with an adjustable cushioned harness and lighter weight plastics for enhanced user comfort. The motor and battery packs are located at the base of the unit for a low center of gravity ensuring proper balance and stability for the operator. Commercial-grade and built to last with a Sealed HEPA System for optimal indoor air quality.

Sanitaire®

CLEAN FASTER

Ergonomic easy-adjust cushioned harness fits multiple users

Vent pulls heat away from user

Remote control with battery life indicators and 2-speed setting

Interchangeable batteries for increased run time and extra power. Runs on a single battery, when depleted auto transfers to the 2nd battery

Lightweight compact design at <15 lbs. is ideal for smaller frames

Built to last with brushless motor, commercial-grade plastics and metal latches

Sealed HEPA System and HEPA filter for optimal indoor air quality

ETL Certified for commercial use

Product includes: 2 removable batteries and 1 dual battery charger

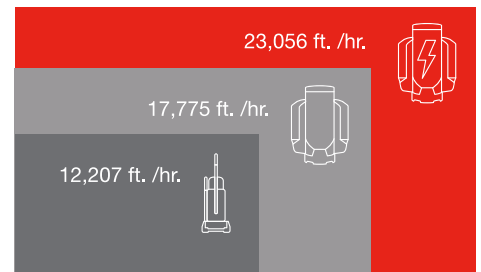

Cover More Area In Less Time

Obstructed Office Comparison

Cordless Backpack Vacuum

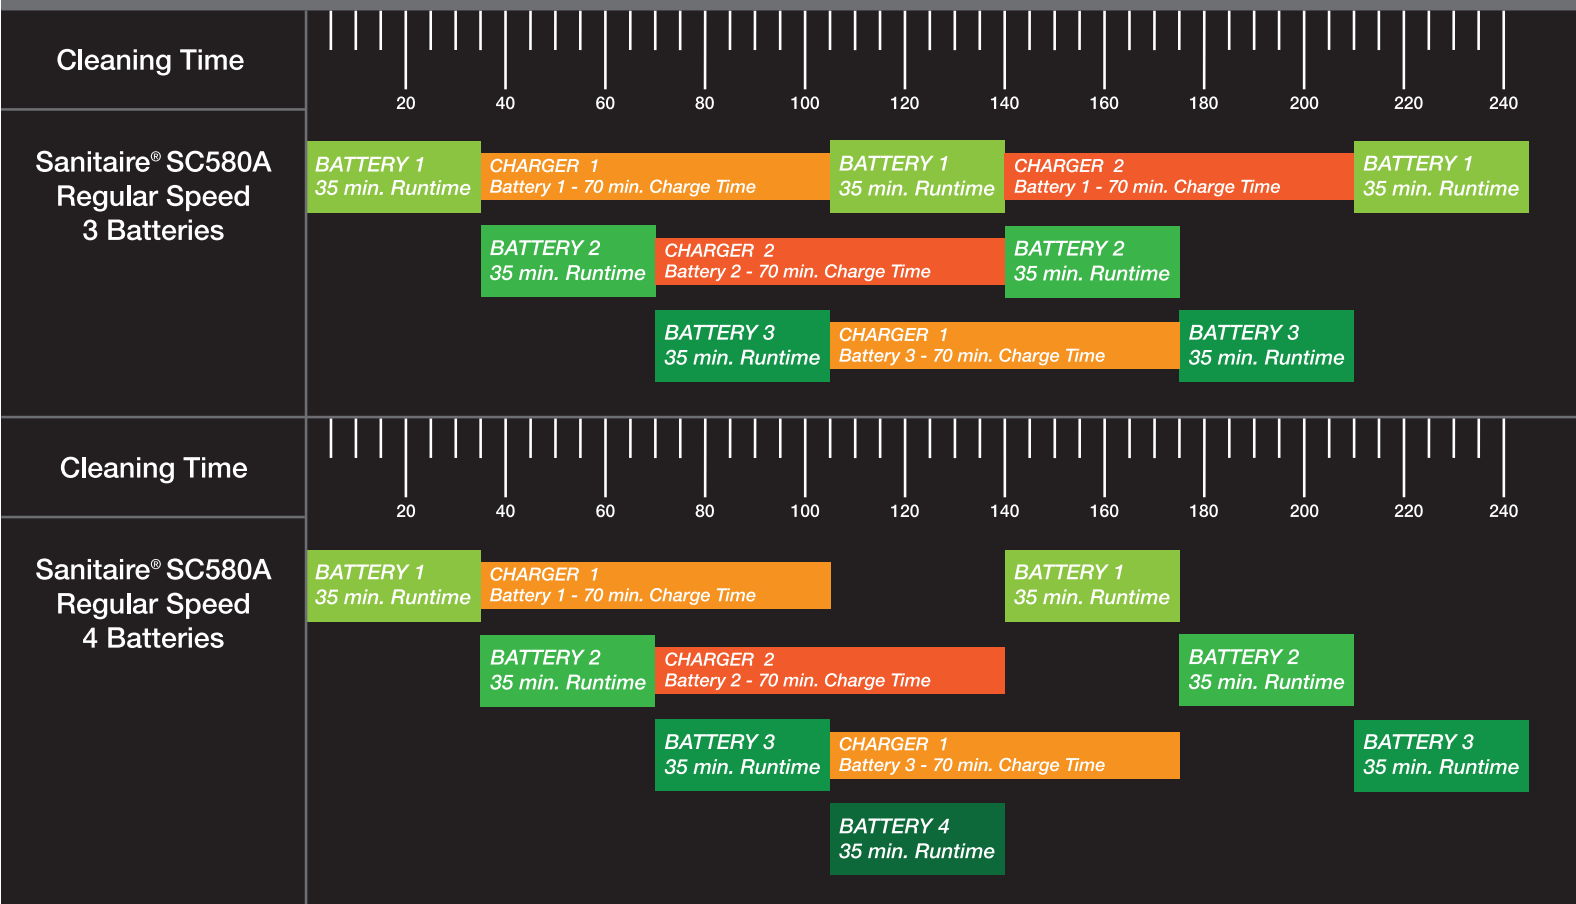

- Clean up to 89% more sq. ft. / hr. compared to a corded upright vacuum
- Clean up to 30% more sq. ft. / hr. compared to a corded backpack vacuum

Sanitaire®

Battery Management System Process

Unlock non-stop cleaning with a multi-battery management process for maximized productivity

- Product purchase includes two (2) batteries and one (1) dual charger
- Purchase 1 or 2 additional batteries with charger (sold separately) and expand your capabilities by cleaning with one battery while charging additional batteries

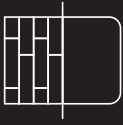

Process:

- Clean at regular speed (35 min) with battery 1
- Place battery 1 in charger 1 when depleted using battery 2 (35 min) to continue cleaning
- Place battery 2 in charger 2 when depleted and replace with battery 3
- When battery 3 is depleted (35 min), battery 1 will be fully charged and ready to use. Place battery 3 in charger 1
- Repeat as needed for continuous un-interrupted cleaning through your shift

This battery management process ensures that you can maintain a continuous run time across multiple batteries allowing for efficient and uninterrupted cleaning and effective shift management.

Sanitaire®

CORDLESS FREEDOM

MULTI-SURFACE CLEANING

High-performance cleaning on hard floors and carpets.

40-70 MINUTES OF RUNNING POWER

Take on tasks from start to finish.

CORDLESS EFFICIENCY

Cordless operation increases productivity through reduced labor hours.

LIGHTWEIGHT

Easy on your staff — weighs just <15 lbs. pounds.

MANEUVERABILITY

Gets under and around furniture with ease.

SAFER FOR YOUR GUESTS AND CREW
