# Stokolan® Hand & Body

Moisturizing Hand & Body Lotion for Normal Skin

### PRODUCT DESCRIPTION

Stokolan® Hand & Body is a hydrating skin smoothing lotion enriched with a unique skin care complex to help enhance the elasticity and smoothen the skin surface. It is extremely easy to apply, swiftly absorbed and does not leave any unpleasant or annoying oily film on your skin.

### WHERE TO USE

For use in industrial and healthcare work areas, offices and public washrooms.

### HOW TO USE

- Apply to clean and dry skin
- Use before any lengthy breaks and after finishing work

Use skin creams as part of a comprehensive hand hygiene program and to help prevent the onset of occupational skin disease.

**FORMAT: LOTION**

FEATURES	BENEFITS
Superior care effect and quick penetration properties	<ul style="list-style-type: none"> <li>• Hydrates and nurtures the skin</li> <li>• Does not leave any annoying oily film on the skin</li> <li>• Ensure a smooth and nurtured skin sensation</li> <li>• Can be used on all parts of the body</li> </ul>

SBL1L	1 litre cartridge	6

## PRODUCT SAFETY ASSURANCE

**Skin Compatibility Test:** The skin compatibility of Stokolan® Hand & Body was tested using state of the art dermatological tests using voluntary tests panels. In these tests, as well as in practical use, Stokolan® Hand & Body has proven to have very good skin compatibility.

**Toxicological Approval:** Formulation assessed by a toxicologist and declared safe to use.

## MOISTURIZATION TESTS

**Effect on Skin Hydration:** In the course of a 2-week application test the rehydration effect and care quality of Stokolan® Hand & Body was tested on 15 persons. After one week application of Stokolan® Hand & Body, the skin hydration level had risen 12% and by about 19% after two weeks. Stokolan® Hand & Body has very good cosmetic properties, improves skin smoothness and enhances skin moisture.

## CERTIFICATIONS

**ECARF Seal of Quality:** The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products. Cosmetics can receive this seal when the following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitization, taking into account their specified conditions of use and amount
2. Medically supervised clinical trials by volunteers with atopic dermatitis
3. Approved system of quality control management
