Elimination of pinching or cuts from components when the child rotates in chair

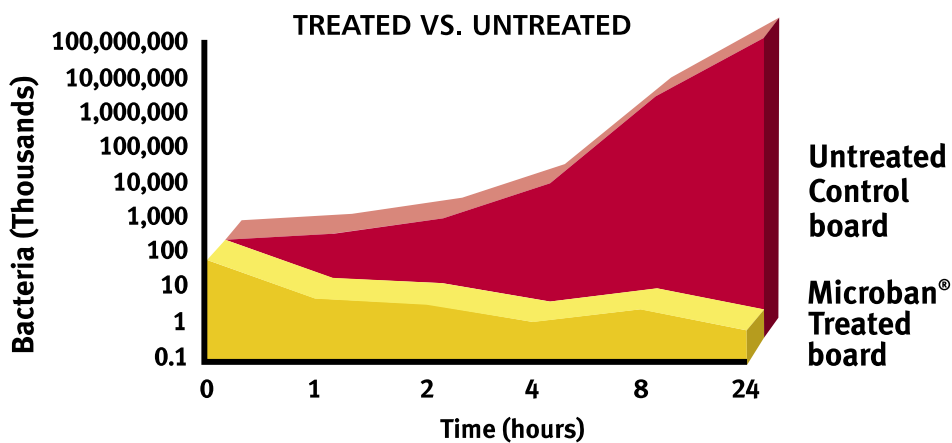

Waist restraints are mandatory and will not break

Engineered for structural integrity so it will not collapse, break or be easily damaged

Work Smarter.

MICROBAN® PROTECTION HELPS KEEP STURDY CHAIR™ YOUTH SEATS CLEANER BETWEEN CLEANINGS

MICROBAN® FIELD TEST

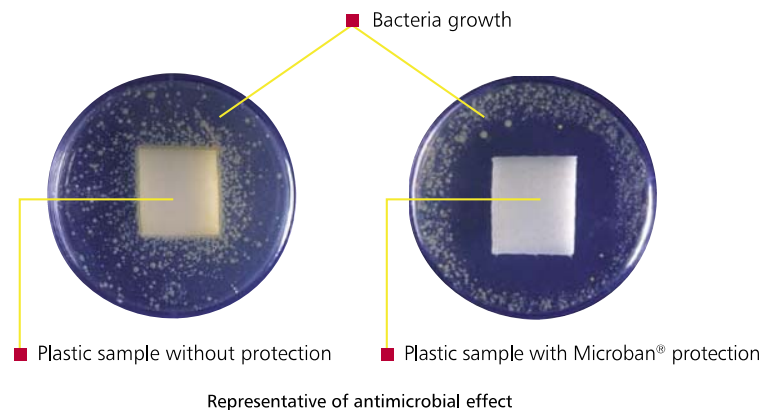

In random field testing, untreated high chairs were tested from restaurants for the presence of bacteria.

100% of the field tested chairs showed a significant level of bacteria.

On an unprotected high chair surface, bacteria can double every 20 minutes.

- Microban® antimicrobial protection helps prevent the growth of stain and odor causing bacteria
- Microban® protection is built into the chair during the manufacturing process and will not wash or wear off during the life of the chair
- Sturdy Chair™ looks newer longer with built in Microban® antimicrobial protection

WHAT WILL YOUR PATRONS THINK?

- Microban® protection is the #1 recognized antimicrobial brand*
- 73% say the Sturdy Chair™ with Microban® protection is cleaner than other high chairs*
- 87% of parents believe restaurants that carry Sturdy Chair™ with Microban® protection care about their families*
- 60% would frequent the restaurant more often if Sturdy Chair™ with Microban® protection was available*
