

# Techtrucks™

Some Techstar Techtrucks™ are HUGE. Please measure carefully doorways they must travel thru and check the width and height dimensions for suitability in all your areas. Our Heavy Duty "C" models come with a unique moulded boxed collar which strengthens much better than a steel frame, never rusts or needs painting and does not dent.

Although you may only be handling 300 pounds and certainly could use a cart with a 400 pound load rating, a cart with 800 pound capacity will last longer because it has thicker walls and a moulded boxed collar. In the long run this may be better value for you.

**420EC**

Volume (Cu. yds)	Model No.	Outside LxWxD (inches)	Maximum Load (pounds)	Wheel Diameters (inches)	Handle	Stock Colour	Shipping Weight (pounds)
5/8	420EC	55 x 28 x 38	300	10 + 4	—	recycle black	50
5/8	420LT	55 x 28 x 38	400	10 + 4	—	grey	70
5/8	420C	55 x 29 x 38	1000	10 + 4	Moulded	grey	85
