

TruCLEAN Wringer

22-30
TruCLEAN Wringer

Product Details:

Stainless steel wringer is designed to distribute pressure evenly, providing effective control of moisture content in mop heads. Unique wringing action significantly improves release of soiled contaminants. Accurately calibrated pressure plates, combined with hundreds of release apertures and natural gravity flow, channel soiled contaminants into waste collection bucket. Easily mounts on cart. No tools required.

Compatible with gamma, ethylene oxide and autoclave sterilization. (Up to 250°F/121°C for 30 minutes)

Dimensions: 19 3/4" Length, 7" Width, 24" Height

Features & Benefits:

- Impervious to most chemicals, will not rust, corrode or oxidize.
- Ergonomic handle with non-slip grip for comfortable control.
- Standard equipment on TruCLEAN Pro XL, TruCLEAN Pro and TruCLEAN 2 Mopping Systems.
