

TruCLEAN Hydrosorb Sponge Block

22-71
TruCLEAN Hydrosorb
Sponge Block

Product Details:

Designed for both spill control and general cleaning applications where contamination control and absorbency are paramount. Special open cell polyurethane foam is soft and pliable, ideal for particle-free cleaning and absorbing liquids. Durable foam is abrasion resistant, will not damage delicate surfaces and captures minute particles exceptionally.

Compatible with gamma, ethylene oxide and autoclave sterilization. (Up to 250°F/121°C for 30 minutes)

Dimensions: 8" (20 cm) x 4" (10 cm) x 2" (5.0 cm)

Features & Benefits:

- Impervious to a wide range of chemicals.
- Designed for maximum absorbency in critical environments.
- Holds up to 15 times it's weight in liquids.
- Assures cleanliness with ultralow particulate levels.
